# TRUCKS - TILT, HAND, BOX & PLATFORM

## CONTINENTAL RECYCLING TILT WHEEL

Designed to promote recycling in any environment, this family of products handles recycling from desk-side to curb-side with containers that conveniently promote the separation of waste at the source. Each of these products are manufactured of 20% or more verifiable post-consumer recycled waste plastic. The color cannot fade, chip, peel or ever scratch off. Impervious to rust or corrosion, these containers also will not dent or crack even under extreme weather conditions. ALL RECYCLING RECEPTACLES HAVE THE "WE RECYCLE" IDENTIFICATION.

NAME	ORDER#	MFG#	DESCRIPTION	PACK	WT
<b>50 GAL. BLUE RECYCLE TILT'N WHEEL CONTAINER WITH LID</b>	<b>10558501</b>	CN5850-1	Dimensions: (HxWxD): 41" x 23" x 27 1/4" overall	2	56 lbs.

## WESCO PLASTIC BOX UTILITY TRUCKS

WESCO Plastic Box Trucks are useful for storing, protecting or transporting almost any bulky, heavy material. Built of one-piece molded polyethylene, trucks are easy to keep clean. No corners or seams to catch dirt. One-piece molded construction also assures long service life. FEATURES: One piece seamless molded plastic construction. Five sizes: 4, 8, 12, 16 and 20 bushels. Five color choices: white, grey, blue, red, yellow. Casters mounted on 5-ply plywood base for extra rigidity (except 4 bushel models). Heavy 0.125" wall thickness. Two swivel, two rigid 5" polyurethane casters.

Two (2) handle platform trucks & trucks with 8" pneumatic wheels are also available.

# TRUCKS - TILT AND UTILITY

## CONTINENTAL HUSKEE TILT TRUCKS

Four models that all feature one piece extra-strong seamless polyethylene construction. Bins will not leak, dent, pit, corrode or absorb moisture. 12-gauge, 7/8" reinforced/welded tubular steel frame is designed for maximum strength and maximum weight. Easily handled by one person. Smooth interior walls prevent adherence and build-up of debris and contaminants. Can easily be cleaned with steam or high-pressure hot water. All exposed parts are protected by rust-preventive grey enamel. Most models are equipped with deluxe roller bearing wheels with grease fittings and solid rubber heavy-duty swivel casters, providing full maneuverability, stability and longer life span. Optional vinyl cover fits snugly with elastic band, keeps debris in and weather out.

See Page 172 for All Your Work Glove Needs.

# LINERS

## INTEPLAST HIGH DENSITY CORELESS INTERLEAVED POLY CAN LINERS

Inteplast's High Molecular Weight/High Density Polyethylene (HMW/HDPE) can liners have many advantages over Low-Density & Low Linear can liners such as: they come packed with almost twice as many bags per case resulting in greater savings and less storage space needed. High density's greater strength properties allow customer to use a thinner bag without sacrificing the quality. The use of less plastic in production & use is better for the environment. Inteplast's High Density liners have advantages over other high density liners also. They have a star seal constructed bottom which allows them to hold more weight and easily fit into containers better than conventionally sealed bags. They are also packed in CORELESS INTERLEAVED ROLLS (see below) These rolls store, separate, and carry better than conventionally packaged bag. All bags except the "EC" are packed in white "clamshell" boxes.

The Coreless Interleaved roll is formed by overlapping quarter folded liners lengthwise, by approximately eight inches and winding them into a strong tight roll. These rolls will not telescope or unwind during shipment or handling. When a liner is pulled from an interleaved roll, it releases neatly and easily, leaving the next liner readily accessible for use. You do not have to search for the perforation or tear one liner from another.

Colors: K = Black N = Natural (clear) 'EC' = Packed in Brown Cartons & Perforated

# WASTE RECEPTACLES

## CONTINENTAL BLUE RECYCLING RECEPTACLES

Designed to promote recycling in any environment, this family of products handles recycling from desk-side to curb-side with containers that conveniently promote the separation of waste at the source. Each of these products are manufactured of 20% or more verifiable post consumer recycled waste plastic. The color cannot fade, chip, peel or ever scratch off. Impervious to rust or corrosion, these containers also will not dent or crack even under extreme weather conditions. ALL RECYCLING RECEPTACLES HAVE THE "WE RECYCLE" IDENTIFICATION.

# RECYCLE WASTE RECEPTACLES

## CONTINENTAL WALL HUGGER™ RECYCLING CANS, LIDS & DOLLIES

Continental® has updated the look of the Wall Hugger™, creating a sleek and attractive design that holds 23 gallons of waste, but protrudes less than one foot from the wall! The smooth, seamless design provides prolonged life and promotes easy cleaning. The expanded line now includes a version with built-in handles which provide ease of transport. Molded-in hand grips in the receptacle base provide a secure area to grasp when lifting and dumping. A molded-in Bag Cinch eliminates the need to tie knots in the polyliner to keep it secure around the receptacle's rim. ALL BLUE RECYCLING RECEPTACLES HAVE THE "WE RECYCLE" IDENTIFICATION.

## CONTINENTAL ASSORTED WASTE RECEPTACLES

**24 GALLON  
"FUNNEL TOP"  
RECEPTACLES**

**CN-1430**

Big mouth encourages use because of its appealing open, Funnel Top design. Base has a "key-way" & shoulder design which allows poly-liner to be secured, hiding the "bag-skirt". With no metal parts, these containers are safe for secure areas in hospitals or prison systems. The built-in lock ring allows the units to be secured from theft or high winds. Stocking Colors: Beige & Brown. Non-Stock: Black & Grey.

1 23 lbs.

**24 GALLON  
"ASH TOP"  
RECEPTACLE**

**CN-1435**

Designed for indoor or outdoor use. Over-sized stainless steel ashtray can be attached permanently or left free-floating for easy removal. Dual self-closing doors keep debris & odor in, pests out. Has 2 doors on either side for easy use. Base has a "key-way" & shoulder design which allow poly-liner to be secured, hiding the "bag-skirt". The built-in lock ring allows the units to be secured from theft or high winds. Removable top allows easy access with no clumsy straps to snag liners. FM Approved. Fire Resistant. Stocking Colors: Black & Brown. Non-Stock: Beige & Grey.

1 25 lbs.

**21 GALLON  
"CORNER ROUND"  
RECEPTACLE**

**CN-8325  
WITH  
HOODED  
DOME LID**

Corner Round Receptacle fits into corners to utilize space. With Rim (Model 8324) & Domed Cover (Model #8325), 21gal Capacity measures 16" x 21 1/2" x 39 1/2"H. On the 8325 model, the removable lid over-hangs base by more than 3" preventing accidental separation from rough use or wind. Unique "Key-Way" feature and shoulder design allows polyliner to be secured and helps to hide the bag "skirt" - maintaining appearance. Completely metal-less design opens the opportunity for prison business. Stocking Colors: Black & Beige. Non-Stock: Brown & Grey.

1 14 lbs.

# WASTE RECEPTACLES

## CONTINENTAL KING KANS

Available in 35, 50 and 65 gallon capacity, these are truly the kings of indoor and outdoor trash receptacles. King Kans' molding process and engineered resin makes them impact, abrasion and corrosion resistant. They can't dent, crack, chip or warp even under rough treatment, and they are impervious to weather extremes. The extra large 65 gallon King Kan has spring loaded oversized double doors that easily handle full-size fast food trays. King Kans' tight fitting lids, extra large weatherproof doors shut tight to keep rain out, and prevent odor and mildew.

## CONTINENTAL FLOOR ASH RECEPTACLES

Continental's diversified line of ash receptacles features both metal wall receptacles and innovative structural plastic floor receptacles. The plastic Mod-Urns are designed for indoor or outdoor use; they can't dent, peel or rust even under the roughest treatment. The attractive color choices coordinate with Continental's Roun' Top receptacle line, and the color is molded right into the plastic. The Tops are corrosion and rust resistant. All Continental ash receptacles include mounting brackets and hardware.

## CONTINENTAL SHELVES & STEP STOOL

NAME	ORDER#	MFG#	DESCRIPTION	PACK	WEIGHT
<b>VENTILATED STORAGE SHELVES</b>	10616484	CN-6484	The model 6484 ventilated shelf design allows for a moisture and dust-free storage environment for all your supplies. The generous 18" shelf spacing will handle most storage requirements. Four shelves are standard. Heavy-duty construction will hold up to 150 lbs. per shelf without sagging, bending or swaying. Structural plastic shelves, columns and dust caps will not rust, dent, peel or chip. Smooth, molded edges won't cause injury or damage clothing. The unique "quick assembly" socket and column system make setup fast and easy. No tools or fasteners needed.	1 set	26.3 lbs.

<b>STRUCTO TOUGH SHELVES</b>	10617204	CN-4418-5GY	This 5-shelf unit is ideal for heavy use with chemical dispensing kegs, office supplies and other heavy items in warehouses, offices and janitor closets. Reinforced, raised shelf edge contains spills and provides exceptional strength. Structural plastic construction eliminates rusting, denting, chipping, peeling or staining. All shelves have slots for hanging tools or brushes. Fast, easy one-person assembly in minutes, no screws or bolts. Over 14" clearance between shelves. Grey in color.	1	71 lbs.
------------------------------	----------	-------------	---	---	---------

<b>ROLL-AROUND STEP STOOL</b>	10610523	CN-523	This structural plastic step stool is rugged enough to hold up to 300 lbs. . It won't rust, dent, chip or peel and the molded-in foot surface prevents slipping. Four retractable non-marking casters and an anti-skid bottom make it easy to maneuver and hold it in place during use. Color: Beige	1	8.7 lbs.
